

## Call for candidate: Security Research Advisor

The International Union of Railways (UIC, Union Internationale des Chemins de fer) is the worldwide organisation for international cooperation among railways and promotion of rail transport at a global level based in Paris. Founded in 1922, it currently gathers more than 200 members on all 5 continents, among them rail operators, infrastructure managers or vehicle keepers.

Within UIC, security activities are of strategic importance to the organisation and represent growing topics around the world: UIC is involved in many research projects and cooperates with high level institutions in this area.

### Mission:

The new Security Research Advisor will participate in all activities of the Security Department, integrating with the existing team composed of 4 persons. Specifically, the candidate will contribute to the preparation, management and facilitation of research projects, organisation of various security events, drafting of recommendations/guidelines on rail security issues and facilitate the running of the Security Platform.

### At a minimum, the candidate should have:

**Education:** Master's degree

**Experience:** 2+ years of experience in EU-funded innovation programmes (e.g., Horizon Europe)

### Skills:

- an excellent level in English (spoken and written)
- project implementation (draft reports, run meetings, analyse data, ...)
- mastery of traditional IT tools (at least Word, Excel, Power Point)
- very good communication skills (including public speaking), tact and diplomacy
- ability to work both independently and collaboratively in a fast-paced environment.
- excellent analytical ability

### Availability to travel; frequent business trips foreseen

### Preference for candidates who have:

- Specific knowledge on security certified by a training programme or a national diploma
- Professional experience in the railway/public transport domain
- Previous experience in an intercultural environment

The candidate must hold a European work permit and be available as soon as possible.

Interested candidates must submit a CV and cover letter electronically to Mrs. Laurence SIMON ([recrutement@uic.org](mailto:recrutement@uic.org)) and Marie-Hélène BONNEAU ([bonneau@uic.org](mailto:bonneau@uic.org)).

Applications will be treated with confidentiality and on a rolling basis.

### Post details:

Location: UIC (International Union of Railways) headquarters, 16 rue Jean Rey 75015 Paris.

Partial work-from-home available, in agreement with the manager

CDI – groupe 7
